

Standard Ink Colors

FOR LATEX BALLOONS

The below colors are the only print colors available for latex balloons. You may input the color mix below to view your design accurately. Any jobs submitted without using these color mixes will be converted to the nearest color choice. Color conversion may require extra time to process your artwork and send you a corrected proof.

PLEASE NOTE: Colors and breakdowns are approximate only and appearance will vary on colored balloons. Please remember that colors reproduced by your monitor will not look the same as printed. Colors may appear lighter when balloons are inflated.
